

YEA-HUNG CHEN

Education

- BA, **Psychology** and **Statistics** (double major), University of California, Berkeley, 2003
- MS, **Biostatistics**, University of Washington, 2006
- PhD, **Epidemiology and Translational Science**, University of California, San Francisco, 2016

Positions

- **Research Assistant**, Department of Biostatistics, University of Washington, 2003–2004
- **Teaching Assistant**, Department of Biostatistics, University of Washington, 2004–2006
- **Research Associate**, Osher Center for Integrative Medicine, University of California, San Francisco, 2006–2008
- **Epidemiologist I**, Center for Public Health Research, San Francisco Department of Public Health, 2008–2019
- **Research Data Analyst IV**, Institute for Global Health Sciences, University of California, San Francisco, 2019–2021
- **Research Data Analyst IV**, Department of Epidemiology and Biostatistics, University of California, San Francisco, 2021–present

Teaching

Instructor

- *Introduction to Biostatistics*, Institute for Global Health Sciences, University of California, San Francisco, Fall 2017, Fall 2018, Fall 2019, Fall 2020, and Fall 2021
- *Introduction to Computing in the R Software Environment*, Department of Epidemiology and Biostatistics, University of California, San Francisco, Winter 2019 and Fall 2019

Guest lectures

- Mediation, *Advanced Approaches to the Analysis of Observational Data*, Department of Epidemiology and Biostatistics, University of California, San Francisco, Spring 2016
- Nested new-user cohorts, *Advanced Approaches to the Analysis of Observational Data*, Department of Epidemiology and Biostatistics, University of California, San Francisco, Spring 2016 and Spring 2017
- Sampling, *Epidemiological Methods III*, Department of Epidemiology and Biostatistics, University of California, San Francisco, Spring 2017
- Sampling hard-to-reach populations, *Doctoral Seminar*, Institute for Global Health Sciences, University of California, San Francisco, Winter 2018
- Introduction to R, *Designing and Conducting Research*, Medical Education, University of California, San Francisco, Winter 2020 and Winter 2021
- Excess mortality by occupation, *Seminar*, Data Science Training to Advance Behavioral and Social Science Expertise for Health Disparities Research, University of California, San Francisco, Fall 2021

Discussions

- Class discussion, *The Coronavirus Pandemic: The Fight to Save the World*, Harvard Summer School, Harvard University; July 7, 2021

Short courses and workshops

- Respondent-driven sampling, Bill and Melinda Gates Foundation, June–July 2008
- Respondent-driven sampling, Centers for Disease Control and Prevention, September 2008
- Respondent-driven sampling, Institute for Global Health Sciences, University of California, San Francisco, January 2012
- Respondent-driven sampling and time-location sampling, Institute for Global Health Sciences, University of California, San Francisco, December 2013–April 2014
- Introduction to R, Department of Epidemiology and Biostatistics, University of California, San Francisco, Winter 2015, Fall 2015, Fall 2016, Fall 2017, and Fall 2018

Teaching assistant

- *Medical Biometry I*, Department of Biostatistics, University of Washington, Autumn 2004
- *Medical Biometry II*, Department of Biostatistics, University of Washington, Winter 2005
- *Medical Biometry III*, Department of Biostatistics, University of Washington, Spring 2005
- *Categorical Data Analysis in Epidemiology*, Department of Biostatistics, University of Washington, Autumn 2005
- *Survival Data Analysis in Epidemiology*, Department of Biostatistics, University of Washington, Winter 2006
- *Systematic Reviews*, Department of Epidemiology and Biostatistics, University of California, San Francisco, Spring 2007
- *Advanced Approaches to the Analysis of Observational Data*, Department of Epidemiology and Biostatistics, University of California, San Francisco, Spring 2014
